Hospital Foundations:

By federal law, all hospitals must have a foundation. All foundations must donate to community in their service area health. All foundations have boards and board meeting. Ask to be on the agenda to present to the board with your powerpoint presentation. Ask that the board visit your school physical education program.

County Health Departments:

Check with them to see what funding opportunities are available. Illinois County Health Departments have provided money in the past.

State Health Department:

Dick's Sporting Goods:

School Principal's Budget:
